Option 6 students are not technically allowed to student teach per EPSB because they are teaching in their own classroom. SPED Program Faculty Meeting
1/17/17
Minutes

• Business:

  o **Option 6/Alt Cert Program Change** - A change was made to change the name of EDS 550: Student teaching to EDS 650: Advanced Practicum that our Option 6/Alternative certification students take. This will start Fall 2017 when it is approved.
    - Spriggs moved that we accept the alt cert program change, Lane seconded, Motion passed unanimously

  o **Student concerns**
    - Alternative Certification Student (Melinda)
      - FYI for faculty: The college is making on open records request to the EPSB on an alternative cert student who indicated that she had been convicted of a misdemeanor or felony on her student teaching application. She indicated that the EPSB had reviewed this issue and cleared her to teach, but we cannot obtain a record of that unless we make the open records request. We wanted to do this to ensure that the issue has been cleared by the EPSB.
    - Student requesting to apply to TEP out of cycle or “early” (Amy)
      - Ashtin Flener is requesting to apply to TEP out of cycle. She wrote a letter to Dr. Spriggs indicating that in the past her grades had not been good, but she has improved her grades since receiving medication. She is attempting to increase her GPA by using the last 30 hours of her coursework. The faculty has voted not to allow out of sequence TEP interviews. Spriggs moved that we do not allow Ashtin Flener to interview out of sequence as the faculty do not consider this as an extenuating circumstance, Mackenzie seconded. The motion passed unanimously.

  o **Any other new business?**
    - Austin Cheatham is applying for TEP again this semester.
    - Mackenzie asked about the dual certification program. Once students have declared a program, they are allowed to finish that program. This is a policy in the university bulletin. Schroeder is saying that we have to put MSD through to the EPSB as one program and LBD through to the EPSB as one program and students will apply to both. Spriggs will email Allison Bell to ask about the Praxis and about the EPSB approval of the programs.

• **OTIS artifacts**
  - Course artifact selection
  - Students are to upload to their MIDPOINT portfolio
• They have to upload to their Midpoint portfolio- all of the ones between entry and prior to student teaching. Artifacts should be scored as:
  • 5 is 98-100
  • 4 is an A
  • 3 is a B
  • 2 is a C
  • 1 is a D
  • 0 is an E.

  o Standards need to be selected
  o Artifacts need to be scored
    • Faculty have to score the artifact so student can meet their standard
    • What should we do for artifacts that are not scored? Part time instructors have not scored artifacts. Can the part time instructors present their grade book for the assignment and the grade for the artifact. We will do a matrix for the redesign course of the standards for each artifact that students should assign.

• Student Supervision – are we covered?
  o Practicum
  o Student teaching
    • We are covered for practicum and student teaching

• Course coverage
  o EDS 632 – 1 student
    • Lane and Ault will cover this class

    • Spriggs is teaching
    • Shepley and Lane will teach EDS 701 in Fall 2018 – Topic is manuscript publication. 701 variable, 702 manuscript, 703 APA, 704 dossier

• Course section limits (Sally)
  o 202 and 700 sections- Every semester students are registering in 202 sections that are not supposed to be in that course. How can we get a lock on the 202 sections so that only distance students can enroll? David Timony at the registrar’s office can do this. Any 202 should be permission of instructor. Phyllis should be able to say that any 202 sections should be permission of instructor only. Section 700 series should be locked and permission of instructor only.

• TurnItIn (Sally)
  o https://www.youtube.com/watch?v=0VBMgPlz_5g
  o This software catches plagiarism and students submitting programs from multiple sections. Brad McDaniels will present the software in the faculty meeting and we should consider if we want to adopt this in the future.

• EDC/SEM Courses – SPED student issues
  o Special education students have made negative comments on course evaluations related to the usefulness of the EDC/SEM courses for special ed students. Margaret will contact Jerrod Stallones and Jennifer Wilhelm related to this issue.
• OSEP grants
  o Personnel prep grant is an interdisciplinary project that have shared coursework, assignments, and clinical experiences across two discipline

Subject: RE: College of Ed Grad-Level Certifications

Hi Sheila:

I agree that the result of discussions with Andrew last year was that new state certification programs or changes to existing programs did not have to be approved by either Graduate Council or Senate. I believe Margaret was involved in those discussions.

Best,

Brian

Subject: College of Ed Grad-Level Certifications

Hello! Amy called with a question about how to change the courses for a certification that is given by the state (not UK) after a series of courses is completed by the student. I recall this issue coming up last year and I also think the end result was a determination that state-granted certification changes did NOT need to go through Senate.

Do either of you have any recollection of this discussion? I thought it stemmed from a question at the GC, but I am not sure.

Thank you,

Sheila
