4 Removing a cross-listing does not drop the other course – it merely unlinks the two courses.
5 Generally, undergrad courses are developed such that one semester hr of credit represents 1 hr of classroom meeting per wk for a semester, exclusive of any lab meeting. Lab meeting generally represents at least two hrs per wk for a semester for 1 credit hour. (See SR 5.2.1)

UK College of Education Professional Themes:

This course will address the four themes of the conceptual framework for the UK professional education unit: research, reflection, learning, and leading. Candidates will be given the opportunity to review, analyze, discuss, and apply research from diverse perspectives in education, including professional scholarship and practitioner inquiry, in order to reflect on their own practices as they work in a middle school classroom. Reflection will also be integrated into candidates’ learning opportunities through the
teaching experiences and formal observations designed to help candidates utilize analytical and problem-solving skills that comprise critical professional reflection on one’s own teaching. This course emphasizes the commitment of the professional education unit to ensure that its graduates move into their professional lives equipped for life-long learning as educators who will be active in leading colleagues in their schools, districts, and professional organizations. The ultimate goal in addressing these four themes is to produce teacher leaders who work together to improve student learning among diverse populations and improve education in Kentucky and beyond.

**Course Learning Targets, Outcomes, and Assessments:**

This course has been designed to provide candidates with opportunities to acquire skills, knowledge, conceptual understanding, classroom experience, and practice teaching in their preferred content area(s). These learning targets are aligned the standards that guide the Middle Level Education Program, especially the Kentucky Teacher Standards and the Association for Middle Level Education Standards, but also with Unbridled Learning expectations including: Kentucky Academic Core Standards, Assessment Literacy, College & Career Readiness, and Characteristics of Highly Effective Teaching and Learning (CHEMT).

**Student Learning Outcomes:**

After completing this course, the student will be able to:

1. Evidence mastery of all ten Kentucky Teacher Standards;

2. Demonstrate accomplished professional knowledge, skill, and disposition in a digital portfolio;

3. Successfully complete all program requirements.

**Required Materials:**

**Description of Course Activities and Assignments**

This course serves as the culmination of the Middle School Teacher Education Program (MSTEP). It provides candidates with the opportunity to develop, refine and demonstrate the competencies necessary for effective middle school teaching. Specific attention is given to ensuring mastery of all ten Kentucky’s Teacher Standards. During the semester, candidates are placed full-time in a middle school setting and are required to observe, assist, manage, design, teach, monitor, accommodate, assess, and evaluate student learning.
Course Assignments

EDC 549 is a pass/fail course when taken at the undergraduate level. Candidates who take the course for graduate credit receive a letter grade. As the capstone experience in initial teacher certification, the course is the primary academic responsibility of program candidates during the time they are enrolled.

University supervisors and cooperating teachers will complete a minimum of four observations each during the student teaching experience (a minimum of two per placement). After each observation, candidates will participate in a debriefing.

Course Grading

For undergraduate credit:

Pass/Fail

In order to pass, both cooperating teachers and university supervisors must make a positive recommendation based on close teaching observations of demonstrated behaviors.

For graduate credit:

90 – 100% = A
80-89% = B
70-79% = C
60-69% = D
59-below = F

Grades for graduate students will be determined according to the submission of a final teacher work sample (see Teacher Worksample Rubric). Work samples must be submitted electronically by the end of the final week of the semester.

Standard I: The teacher demonstrates applied content knowledge
Standard 2: The teacher designs and plans instructions
Standard 3: The teacher creates and maintains learning climate
Standard 4: Implements and manages instruction
Standard 5: Assesses and communicates learning results
Standard 6: Demonstrates implementation of technology
Standard 7: Reflects and evaluates teaching and learning
Standard 8: Collaborates with parents, colleagues, and others
Standard 9: Evaluates teaching and implements professional development
Standard 10: Provides leadership within school/community/profession

**Final Exam Information**
Date, time, location, other information - TBD

**Mid-term Grade (for undergraduates)**
Mid-term grades will be posted in myUK by the deadline established in the Academic Calendar ([http://www.uky.edu/Registrar/AcademicCalendar.htm](http://www.uky.edu/Registrar/AcademicCalendar.htm))

**Course Policies:**

**Submission of Assignments:**
Assignments will be submitted electronically and will be placed in the student’s portfolio.

**Attendance Policy**

**Excused Absences:**
Students need to notify the university supervisor and cooperating teacher of absences prior to being absent when possible. S.R. 5.2.4.2 defines the following as acceptable reasons for excused absences: (a) serious illness, (b) illness or death of family member, (c) University-related trips, (d) major religious holidays, and (e) other circumstances found to fit “reasonable cause for nonattendance” by the professor.

Students anticipating an absence for a major religious holiday are responsible for notifying the instructor in writing of anticipated absences due to their observance of such holidays no later than the last day in the semester to add a class. Information regarding dates of major religious holidays may be obtained through the religious liaison, Mr. Jake Karnes (859-257-2754).

Students are expected to withdraw from the class if more than 20% of the classes scheduled for the semester are missed (excused or unexcused) per university policy.

**Verification of Absences:**
Students may be asked to verify their absences in order for them to be considered excused. Senate Rule 5.2.4.2 states that faculty have the right to request “appropriate verification” when students claim an excused absence because of illness or death in the family. Appropriate notification of absences due to university-related trips is required prior to the absence.

**Academic Integrity:**
Per university policy, students shall not plagiarize, cheat, or falsify or misuse academic records. Students are expected to adhere to University policy on cheating
and plagiarism in all courses. The minimum penalty for a first offense is a zero on the assignment on which the offense occurred. If the offense is considered severe or the student has other academic offenses on their record, more serious penalties, up to suspension from the university may be imposed.

Plagiarism and cheating are serious breaches of academic conduct. Each student is advised to become familiar with the various forms of academic dishonesty as explained in the Code of Student Rights and Responsibilities. Complete information can be found at the following website: http://www.uky.edu/Ombud. A plea of ignorance is not acceptable as a defense against the charge of academic dishonesty. It is important that you review this information as all ideas borrowed from others need to be properly credited.

Part II of Student Rights and Responsibilities (available online http://www.uky.edu/StudentAffairs/Code/part2.html) states that all academic work, written or otherwise, submitted by students to their instructors or other academic supervisors, is expected to be the result of their own thought, research, or self-expression. In cases where students feel unsure about the question of plagiarism involving their own work, they are obliged to consult their instructors on the matter before submission.

When students submit work purporting to be their own, but which in any way borrows ideas, organization, wording or anything else from another source without appropriate acknowledgement of the fact, the students are guilty of plagiarism. Plagiarism includes reproducing someone else’s work, whether it be a published article, chapter of a book, a paper from a friend or some file, or something similar to this. Plagiarism also includes the practice of employing or allowing another person to alter or revise the work, which a student submits as his/her own, whoever that other person may be.

Students may discuss assignments among themselves or with an instructor or tutor, but when the actual work is done, it must be done by the student, and the student alone. When a student’s assignment involves research in outside sources of information, the student must carefully acknowledge exactly what, where and how he/she employed them. If the words of someone else are used, the student must put quotation marks around the passage in question and add an appropriate indication of its origin. Making simple changes while leaving the organization, content and phraseology intact is plagiaristic. However, nothing in these Rules shall apply to those ideas which are so generally and freely circulated as to be a part of the public domain (Section 6.3.1).

Please note: Any assignment you turn in may be submitted to an electronic database to check for plagiarism.

Accommodations due to disability:
If you have a documented disability that requires academic accommodations, please
see me as soon as possible during scheduled office hours. In order to receive accommodations in this course, you must provide me with a Letter of Accommodation from the Disability Resource Center (Room 2, Alumni Gym, 257-2754, email address: jkarnes@email.uky.edu) for coordination of campus disability services available to students with disabilities.
