Kindergarten Readiness Camp

What is it?

Our Kindergarten Readiness Camp targets various academic and social skills that will get your kindergartener prepared for school. Our student therapists will provide a variety of activities throughout the day that will target fine and gross motor skills, communication, turn taking and other social skills your kindergartener needs for school. Your child will be introduced to individual, whole group, and small group instruction that is typically used in schools.

How long and how often?

The camp day lasts from 9:00 to 12:00 PM, two days a week twice for a month.
