

WHAT'S THE BOTTOM LINE WITH
VAPES, DISPOSABLES, AND
E-CIGARETTES?

It's NOT just water vapor!

IT'S AEROSOL, WHICH CONTAINS HARMFUL SUBSTANCES
LIKE CANCER-CAUSING CHEMICALS, HEAVY METALS,
AND NICOTINE, NOT TO MENTION ULTRAFINE PARTICLES
THAT EASILY GET INTO OUR LUNGS!

Nicotine, what's the big deal?

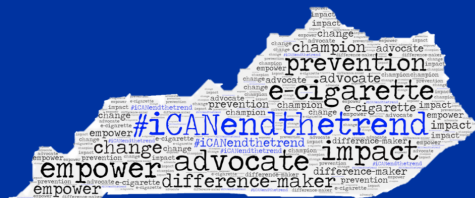

A SINGLE E-CIGARETTE HAS AS MUCH NICOTINE AS A
PACK OF CIGARETTES, OR ROUGHLY 200 CIGARETTE
PUFFS. NICOTINE CAN PERMANENTLY ALTER YOUR
BRAIN.

Support is here!
