Institutional members include the University of Jyväskylä, Finland, University of Pretoria, South Africa, East China Normal University, China). Meetings are hosted by each university in sequence. UK hosted the 2012 Conference June 11-14, 2013 on campus. This international conference focuses on educational reform, policy and leadership and includes international keynote speakers, national and state speakers and peer-reviewed papers presented by faculty and graduate students. Since its inception (2005) EDL has included two doctoral courses as part of the ISER Conference (EDL 705-International Perspectives on Educational Reform and EDL 703-Leading Organizational Change). Students enroll in Summer II of the conference year. The instructional model that has proved highly successful includes pre sessions (Summer I) on campus that are followed by ISER Conference Seminars that include doctoral students from participating universities and Summer II Post ISER Seminars on UK campus...

## 4. ACADEMIC COURSE INFORMATION:

In order for residential UK courses to be taught off-campus, the academic content must be consonant with the original intent and learning outcomes of the course. In cases where the learning outcomes are substantially different, a "Special Topics" designation within the major must be used. When the learning outcomes remain consistent with the already approved UK course, the regular course number and title will be used.

For summer and winter intersessions, the academic course(s) will be accompanied on the transcript by ISP 599: Study Abroad. This is a one credit hour pass/fail course used to indicate that the enrolled student is participating in an education abroad program. Courses delivered entirely abroad will carry a section number of 701-799 and will be built as "off campus" activity types. They will also be accompanied by a course note indicating that the course is taught abroad.

For fall and spring *embedded* education abroad programs, participants will not be enrolled in ISP 599 and the course should not be built as "off campus" or with the 701-799 section number. Academic courses taught via embedded programs should be built with a course note indicating that the course has a required international travel component.

If the program is open to graduate students, please include both the undergraduate and graduate course information. It is acceptable to list the graduate credit as something that must be arranged individually.
