EDUCATION

University of Kentucky

(2014) Ph.D., Educational Assessment, Evaluation, and Research

Dissertation: *Effects of item-level feedback on the ratings provided by judges in a modified-Angoff standard setting study*

(2011) Master of Science in Education, Higher Education

Thesis: *A Critical Analysis of the Identification and Treatment of First-Generation College Students: A Social Capital Approach.*

(2002) Bachelor of Arts, Classics

PROFESSIONAL EXPERIENCE

10/2019 – present Senior Manager | Senior Psychometrician

National Association of Boards of Pharmacy

Competency Assessment Dept.

Mt. Prospect, IL

Management

- Supervise a team of psychometricians who provide full-service psychometric services such as scoring, item analysis, equating, DIF, standard setting, and practice analyses.
- Act as the de-facto departmental project manager to ensure that all programs meet deadlines and deliverables.
- Participate in departmental strategic planning.
- Oversee individual learning plans in Datacamp for team members.
- Created and supervise a summer psychometric internship program.
- Collaborate with University of Kentucky Department of Computer Science to prototype serious gaming for pharmacy continuing education.

Research

- Created a Research Advisory Committee to assist with managing research requests and prioritizing the research agenda.
- Work with IT to improve data architecture in order to stand-up a research team.
- Transition data collection methods into a database for research access.

Recent Accomplishments

- Deprecated CPLEX automated test assembly platform and rewrote MIP algorithms for all exams in R.
- Transition of practice tests from home-grown test driver to web-based delivery.
- Pilot program to migrate from PDF reports to Shiny Dashboards for schools and state boards.

4/2017 – 10/2019 Senior Psychometrician

American Board of Family Medicine

Psychometric Services Dept.

Lexington, KY

Provide full-spectrum psychometric services, such as maintaining item statistics for equating, scoring all examinations, and conducting item analyses. Specifically, manage all aspects of our standard setting and DIF programs, including panelist recruitment, statistical analysis, and conducting training workshops. Also, manage and oversee the development and writing of all technical reports from exam administrations, standard setting, and DIF. Other duties include coordinating with other boards for shared exams, assisting in the creation of materials for the Examination Committee of the Board of Directors, exam validity research, and providing psychometric recommendations to the exam development department.

6/2013 – 4/2017 Psychometrician

American Board of Family Medicine

Psychometric Services Dept.

Lexington, KY
